The Indian Medical Council Act, 1956(102 of 1956)Last Updated 3rd August, 2019

[15/725]Statement of Objects and Reasons.-The objects of this Bill are to amend the Indian Medical Council Act, 1933 (23 of 1933)-(a) to give representation to licentiate members of the medical profession, a large number of whom are still practicing in the country;(b) to provide for the registration of the names of citizens of India who have obtained foreign medical qualifications which are not at present recognized under the existing Act;(c) to provide for the temporary recognition of medical qualifications granted by medical institutions in countries outside India with which no scheme of reciprocity exists in cases where the medical practitioners concerned are attached for the time being to any medical institution in India for the purpose of teaching or research or for any charitable object;(d) to provide for the formation of a Committee of Post-graduate Medical Education for the purpose of assisting the Medical Council of India to prescribe standards of post-graduate medical education for the guidance of Universities and to advise Universities in the matter of securing uniform standards for post-graduate medical education throughout India;(e) to provide for the maintenance of an all-India register by the Medical Council of India, which will contain the names of all the medical practitioners possessing recognized medical qualifications.2. The Indian Medical Council Act, 1933, does not now extend to Part B States and it is now considered necessary that the Act should extend to the whole of India except Jammu and Kashmir. A few other minor amendments have, also come to light in the course of the working of this Act, and as a matter of convenience it is now proposed to re-enact the existing Act with the above amendments.Amendment Act 31 of 1993-Statement of Objects and Reasons.-The India Medical Council Act, 1956 was enacted for the purpose of reconstituting the Medical Council of India and the Maintenance of the Medical Register for India and for matters connected therewith.2. The

experience of the working of the 1956 Act had brought to light certain inadequacies. The Central Government had introduced a comprehensive Bill to amend the 1956 Act in Rajya Sabha on the 26th August, 1987. The Bill was referred to a joint Committee in December, 1987 and the joint Committee submitted its report in 1989 recommending further amendments to the Bill. The matter could not be processed further due to dissolution of the Lok Sabha and change in Government. However, by early 1992 it became necessary to reconsider some of the recommendations contained in the joint Committee's Report keeping in view the current requirement of medical education. While the matter was in an advanced stage of consideration, the Supreme Court of India in the judgment in *Mohini Jain v. Government of Karnataka* on 30th July, 1992, held that educational institutions cannot charge capitation fee and that education, including higher education, is a fundamental right. A number of private institutions have challenged the above mentioned judgment and sought a review by the Constitution Bench of the Supreme Court. The Supreme Court of India have since pronounced the judgment on 4th February, 1993. The implications of the judgment will have to be studied. In the circumstances, Government, has, therefore, considered it advisable not to proceed with the 1987 Bill as many of the matters covered by the Bill will become subject of review by the Supreme Court.³ Meanwhile, it had been noticed that some State Governments were giving approvals for the opening of new medical colleges on their own, without insisting on the provision of basic prerequisites of hospital, equipment, laboratories or qualified faculty members, etc. In certain cases, after the colleges gave admission to students they began exercising the combined pressure of the management students and their families for grant of approval to the medical colleges by the Medical Council of India.⁴ In order to curb such mushroom growth of medical colleges, the President promulgated the Indian Medical Council (Amendment) Ordinance, 1992 (Ord. 13 of 1992) on the 27th August, 1992 to amend the Indian Medical Council Act, 1956 by incorporating therein provisions for prior permission of the Central Government for establishing any new medical college and for starting any new or higher courses of study or increasing admission capacity in any course of study or training including, post-graduate course of study in any existing medical college.⁵ A Bill to replace the Indian Medical Council (Amendment) Ordinance, 1992 was introduced in the Rajya Sabha during Winter Session of Parliament, 1992. The Bill was passed by the Rajya Sabha on 22nd December, 1992. However, the Bill could not be considered and passed by the Lok Sabha.⁶ The Government is of the considered view that it is in the public interest that the provisions of the said Ordinance should continue in force. To achieve the above objective the Indian Medical Council (Amendment) Ordinance, 1993 (Ord. 2 of 1993) was promulgated by the President on 2nd January, 1993.

Amendment Act 34 of 2001-Statement of Objects and Reasons.-The Indian Medical Council Act, 1956 contains provisions in sections 12, 13 and 14 with a view to recognising medical qualifications granted by medical institutions in foreign countries.² Over a period of time it has come to the notice that a large number of private agencies sponsor students for medical studies in institutions outside India for commercial considerations. Such students also include the students who did not fulfil the minimum eligibility requirements for admission to medical courses in India. Serious aberrations have been noticed in the standards of medical education in some of the foreign countries which are not at par with the standards of medical education available in India. Due to lack of uniformity in the standards of medical education in various foreign countries, it has been decided that a provision should be made in the Indian Medical Council Act, 1956 to enable the Medical Council of India to conduct a screening test in order to satisfy itself with regard to the adequacy of knowledge and skills acquired by citizens of India who obtain medical qualifications

from universities or medical institutions outside India before they are granted registration to practice medicine in India.3. Further, issue of prior eligibility certificate by the Medical Council of India would ensure that only those conditions who conform to the Council norms of admission to the medical college in India would go for under-graduate medical education outside India.[30th December, 1956]An Act to provide for the reconstitution of the Medical Council of India, and the maintenance of a medical register for India and for matters connected therewith. Be it enacted by Parliament in the seventh year of the Republic of India as follows:-{|-| This Act has been extended to Pondicherry by Regn. 7 of 1963, Section 3 and Schedule I (w.e.f. 1.10.1963) to Dadra and Nagar Haveli by Regn. 6 of 1963, Section 2 and Schedule I (w.e.f. 1.7.1965), to Goa, Daman and Diu by Regn. 11 of 1963, Section 3 and Schedule, Goa is now a State, see Act 18 of 1987, Section 3 (w.e.f. 30.5.1987).

2. Brought into force on 1.11.1958 vide S.O. 2254, dated 28.10.1958, published in the Gazette of India, Extraordinary, Part II, Section 3(ii), p. 2080.

Permission for establishment of new medical college, new course of study, etc.-(1)Notwithstanding anything contained in this Act or any other law for the time being in force,-(a)no person shall establish a medical college; or(b)no medical college shall-(i)open a new or higher course of study or training (including a post-graduate course of study or training) which would enable a student of such course or training to qualify himself for the award of any recognized medical qualification; or(ii)increase its admission capacity in any course of study or training (including a post-graduate course of study or training), except with the previous permission of the Central Government obtained in accordance with the provisions of this section.Explanation 1. - For the purposes of this section, "person" includes any University or a trust but does not include the Central Government.Explanation 2. - For the purposes of this section "admission capacity" in relation to any course of study or training (including postgraduate course of study or training) in a medical college, means the maximum number of students that may be fixed by the Council from time to time for being admitted to such course or training.(2)(a)Every person or medical college shall, for the purpose of obtaining permission under sub-section (1), submit to the Central Government a scheme in accordance with the provisions of clause (b) and the Central Government shall refer the scheme to the Council for its recommendations.(b)The scheme referred to in clause (a) shall be in such form and contain such particulars and be preferred in such manner and be accompanied with such fee as may be prescribed.(3)On receipt of a scheme by the Council under sub-section (2), the Council may obtain such other particulars as may be considered necessary by it from the person or the medical college concerned, and thereafter, it may,-(a)if the scheme is defective and does not contain any necessary particulars, give a reasonable opportunity to the person or college concerned for making a written representation and it shall be open to such person or medical college to rectify the defects, if any, specified by the Council;(b)consider the scheme, having regard to the factors referred to in sub-section (7), and submit the scheme together with its recommendations thereon to the Central Government.(4)The Central Government may, after considering the scheme and the recommendations of the Council under sub-section (3) and after obtaining, where necessary, such other particulars as may be considered necessary by it from the person or college concerned, and having regard to the factors referred to in sub-section (7),

either approve (with such conditions, if any, as it may consider necessary) or disapprove the scheme, and any such approval shall be a permission under sub-section (1):Provided that no scheme shall be disapproved by the Central Government except after giving the person or college concerned a reasonable opportunity of being heard:Provided further that nothing in this sub-section shall prevent any person or medical college whose scheme has not been approved by the Central Government to submit a fresh scheme and the provisions of this section shall apply to such scheme, as if such scheme has been submitted for the first time under sub-section (2).(5)Where, within a period of one year from the date of submission of the scheme to the Central Government under sub-section (2), no order passed by the Central Government has been communicated to the person or college submitting the scheme, such scheme shall be deemed to have been approved by the Central Government in the form in which it had been submitted, and accordingly, the permission of the Central Government required under sub-section (1) shall also be deemed to have been granted.(6)In computing the time-limit specified in sub-section (5), the time taken by the person or college concerned submitting the scheme, in furnishing any particulars called for by the Council, or by the Central Government, shall be excluded.(7)The Council, while making its recommendations under clause (b) of sub-section (3) and the Central Government, while passing an order, either approving or disapproving the scheme under sub-section (4), shall have due regard to the following factors, namely:-(a)whether the proposed medical college or the existing medical college seeking to open a new or higher course of study or training, would be in a position to offer the minimum standards of medical education as prescribed by the Council under section 19-A or, as the case may be, under section 20 in the case of post-graduate medical education;(b)whether the person seeking to establish a medical college or the existing medical college seeking to open a new or higher course of study or training or to increase its admission capacity has adequate financial resources;(c)whether necessary facilities in respect of staff, equipment, accommodation, training and other facilities to ensure proper functioning of the medical college or conducting the new course or study or training or accommodating the increased admission capacity, have been provided or would be provided within the time-limit specified in the scheme;(d)whether adequate hospital facilities, having regard to the number of students likely to attend such medical college or course of study or training or as a result of the increased admission capacity, have been provided or would be provided within the time-limit specified in the scheme;(e)whether any arrangement has been made or programme drawn to impart proper training to students likely to attend such medical college or course of study or training by persons having the recognized medical qualifications;(f)the requirement of manpower in the field of practice of medicine; and(g)any other factors as may be prescribed.(8)Where the Central Government passes an order either approving or disapproving a scheme under this section, a copy of the order shall be communicated to the person or college concerned.][10-B. Non-recognition of medical qualifications in certain cases.-(1)Where any medical college is established except with the previous permission of the Central Government in accordance with the provisions of section 10-A, no medical qualification granted to any student of such medical college shall be a recognized medical qualification for the purposes of this Act.(2)Where any medical college opens a new or higher course of study or training (including a post-graduate course of study or training) except with the previous permission of the Central Government in accordance with the provisions of section 10-A, no medical qualification granted to any student of such medical college on the basis of such study or training shall be a recognized medical qualification for the purposes of this Act.(3)Where any medical college increases its admission capacity in any course of study or

training except with the previous permission of the Central Government in accordance with the provisions of section 10-A, no medical qualification granted to any student of such medical college on the basis of the increase in its admission capacity shall be a recognized medical qualification for the purposes of this Act. Explanation . - For the purposes of this section, the criteria for identifying a student who has been granted a medical qualification on the basis of such increase in the admission capacity shall be such as may be prescribed.

10C. Time for seeking permission for certain existing medical colleges, etc. -

(1) If, after the 1st day of June, 1992 and on and before the commencement of the Indian Medical Council (Amendment) Act, 1993 any person has established a medical college or any medical college has opened a new or higher course of study or training or increased the admission capacity, such person or medical college, as the case may be, shall seek, within a period of one year from the commencement of the Indian Medical Council (Amendment) Act, 1993 the permission of the Central Government in accordance with the provisions of section 10-A. (2) If any person or medical college, as the case may be fails to seek the permission under sub-section (1), the provisions of section 10-B shall apply, so far as may be, as if, permission of the Central Government under section 10-A has been refused.]

10D. [Uniform entrance examination for undergraduate and postgraduate level. [Inserted by Act No. 39 of 2016.]-

There shall be conducted a uniform entrance examination to all medical educational institutions at the undergraduate level and post-graduate level through such designated authority in Hindi, English and such other languages and in such manner as may be prescribed and the designated authority shall ensure the conduct of uniform entrance examination in the aforesaid manner: Provided that notwithstanding any judgment or order of any court, the provisions of this section shall not apply, in relation to the uniform entrance examination at the undergraduate level for the academic year 2016-17 conducted in accordance with any regulations made under this Act, in respect of the State Government seats (whether in Government Medical College or in a private Medical College) where such State has not opted for such examination.]

11. Recognition of medical qualifications granted by Universities or medical institutions in India.-

(1) The medical qualifications granted by any University or medical institution in India which are included in the first Schedule shall be recognized medical qualifications for the purposes of this Act. (2) Any University or medical institution in India which grants a medical qualification not included in the First Schedule may apply to the Central Government, to have such qualification recognized, and the Central Government, after consulting the Council, may, by notification in the Official Gazette, amend the First Schedule so as to include such qualification therein, and any such notification may also direct that an entry shall be made in the last column of the First Schedule against such medical qualification declaring that it shall be a recognized medical qualification only

when granted after a specified date.

12. Recognition of medical qualifications granted by medical institutions in countries with which there is a scheme of reciprocity.-

(1)The medical qualifications granted by medical institutions outside India which are included in the Second Schedule shall be recognized medical qualifications for the purposes of this Act.(2)The Council may enter into negotiations with the Authority in any [* * *] country outside India which by the law of such [* * *] [The words " State or" omitted by Act 24 of 1964, Section 4 (w.e.f. 16.6.1964).] country is entrusted with the maintenance of a register of medical practitioners, for the settling of a scheme of reciprocity for the recognition of medical qualifications and in pursuance of any such scheme, the Central Government may, by notification in the Official Gazette, amend the Second Schedule so as to include therein the medical qualification which the Council has decided should be recognized, and any such notification may also direct that an entry shall be made in the last column of the Second Schedule against such medical qualification declaring that it shall be a recognized medical qualification only when granted after a specified date.(3)The Central Government, after consultation with the Council, may, by notification in the Official Gazette, amend the Second Schedule by directing that an entry be made therein in respect of any medical qualification declaring that it shall be recognized medical qualification only when granted before a specified date.(4)Where the Council has refused to recommend any medical qualification which has been proposed for recognition by any Authority referred to in sub-section (2) and that Authority applies to the Central Government in this behalf, the Central Government, after considering such application and after obtaining from the council a report, if any, as to the reasons for any such refusal, may by notification in the Official Gazette, amend the Second Schedule so as to include such qualification therein and the provisions of sub-section (2) shall apply to such notification.

13. Recognition of medical qualifications granted by certain medical institutions whose qualifications are not included in the First or Second Schedule.-

(1)The medical qualifications granted by medical institutions in India which are not included in the First Schedule and which are included in Part I of the Third Schedule shall also be recognized medical qualifications for the purposes of this Act.(2)The medical qualifications granted to a citizen of India-(a)before the 15th day of August, 1947, by medical institutions in the territories now forming part of Pakistan, and(b)before the 1st day of April, 1937, by medical institutions in the territories now forming part of Burma, which are included in Part I of the Third Schedule shall also be recognized medical qualifications for the purposes of this Act.(3)The medical qualifications granted by medical institutions outside India, [before such date as the Central Government may, by notification in the Official Gazette, specify] which are included in Part II of the Third Schedule shall also be recognized medical qualifications for the purposes of this Act, but no person possessing any such qualification shall be entitled to enrollment on any State Medical Register unless he is a citizen of India and has undergone such practical training after obtaining that qualification as may be required by the rules or regulations in force in the country [* * *] [The words " or State" omitted by

Act 24 of 1964, Section 5 (w.e.f. 16.6.1964).] granting the qualification, or if he has not undergone any practical training in that country [* * *] [The words " or State" omitted by Act 24 of 1964, Section 5 (w.e.f. 16.6.1964).] he has undergone such practical training as may be prescribed.(4)The Central Government, after consulting the Council, may, by notification in the Official Gazette, amend Part II of the Third Schedule so as to include therein any qualification granted by a medical institution outside India, which is not included in the Second Schedule:[Provided that after the commencement of the Indian Medical Council (Amendment) Act, 2001, no such amendment shall be made in Part II of the Third Schedule to include any primary medical qualification granted by any medical institution outside India:Provided further that nothing contained in the first proviso shall apply to inclusion in Part II of the Third Schedule any primary medical qualification granted by any medical institution outside India to any person whose name is entered in the Indian Medical Register.Explanation . - For the purposes of this sub-section, "primary medical qualification" means any minimum qualification sufficient for enrollment on any State Medical Register or for entering the name in the Indian Medical Register.] [Inserted by Act 34 of 2001, Section 2 (w.e.f. 2.9.2001)][(4-A) A person who is a citizen of India and obtains medical qualification granted by any medical institution in any country outside India recognized for enrollment as medical practitioner in that country after such date as may be specified by the Central Government under sub-section (3), shall not be entitled to be enrolled on any Medical Register maintained by a State Medical Council or to have his name entered in the Indian Medical Register unless he qualified the screening test in India prescribed for such purpose and such foreign medical qualification after such person qualifies that said screening test shall be deemed to be the recognized medical qualification for the purposes of this Act for that person.(4-B) A person who is a citizen of India shall not, after such date as may be specified by the Central Government under sub-section (3), be eligible to get admission to obtain medical qualification granted by any medical institution in any foreign country without obtaining an eligibility certificate issued to him by the Council and in case any such person obtains such qualification without obtaining such eligibility certificate, he shall not be eligible to appear in the screening test referred to in sub-section (4-A):Provided that an Indian citizen who has acquired the medical qualification from foreign medical institution or has obtained admission in foreign medical institution before the commencement of the Indian Medical Council (Amendment) Act, 2001 shall not be required to obtain eligibility certificate under this sub-section but, if he is qualified for admission to any medical course for recognized medical qualification in any medical institution in India, he shall be required to qualify only the screening test prescribed for enrollment on any State Medical Register or for entering his name in the Indian Medical Register.(4-C) Nothing contained in sub-sections (4-A) and (4-B) shall apply to the medical qualifications referred to in section 14 for the purposes of that section.] [Inserted by Act 34 of 2001, Section 2 (w.e.f. 2.9.2001)](5)Any medical institution in India which is desirous of getting a medical qualification granted by it included in Part I of the Third Schedule may apply to the Central Government to have such qualification recognized and the Central Government, after consulting the Council, may by notification in the Official Gazette, amend Part I of the Third Schedule so as to include such qualification therein, and any such notification may also direct that an entry shall be made in the last column of Part I of the Third Schedule against such medical qualification declaring that it shall be a recognized medical qualification only when granted after a specified date.[Explanation. [Inserted by Act No. 11 of 2013.] - For the purposes of this section, the expression "overseas citizen of India" shall have the meaning assigned to it in clause (ee) of sub-section (1) of section 2 of the Citizenship Act, 1955.]

14. Special provision in certain cases for recognition of medical qualifications granted by medical institutions in countries with which there is no scheme of reciprocity.-

(1)The Central Government after consultation with the Council, may, by notification in the Official Gazette, direct that medical qualifications granted by medical institutions in any [* * *] country outside India in respect of which a scheme of reciprocity for the recognition of medical qualifications is not in force, shall be recognized medical qualifications for the purposes of this Act or shall be so only when granted after a specified date:[Provided that medical practice by persons possessing such qualifications:-(a)shall be permitted only if such persons are enrolled as medical practitioners in accordance with the law regulating the registration of medical practitioners for the time being in force in that country;(b)shall be limited to the institution to which they are attached [* * *]; and(c)shall be limited to the period specified in this behalf by the Central Government by general or special order.](2)In respect of any such medical qualification, the Central Government, after consultation with the Council, may, by notification in the Official Gazette direct that it shall be a recognized medical qualification only when granted before a specified date.

15. Right of persons possessing qualifications in the Schedules to be enrolled.-

[(1)] [Substituted by Act 24 of 1964, Section 6, for the proviso (w.e.f. 16.6.1964).] Subject to the other provisions contained in this Act, the medical qualifications included in the Schedules shall be sufficient qualification for enrollment on any State Medical Register.(2)[Save as provided in section 25, no person other than a medical practitioner enrolled on a State Medical Register,-(a)shall hold office as physician or surgeon or any other office (by whatever designation called) in Government or in any institution maintained by a local or other authority;(b)shall practice medicine in any State;(c)shall be entitled to sign or authenticate a medical or fitness certificate or any other certificate required by any law to be signed or authenticated by a duly qualified medical practitioner;(d)shall be entitled to give evidence at any inquest or in any Court of Law as an expert under section 45 of the Indian Evidence Act, 1872 (1 of 1872) on any matter relating to medicine.(3)Any person who acts in contravention of any provision of sub-section (2) shall be punished with imprisonment for a term which may extend to one year or with fine which may extend to one thousand rupees, or with both.] [Inserted by Act 24 of 1964, Section 7 (w.e.f. 16.6.1964).]

16. Power to require information as to courses of study and examinations.-

Every University or medical institution in India which grants a recognized medical qualification shall furnish such information as the Council may, from time to time, require as to the courses of study and examinations to be undergone in order to obtain such qualification, as to the ages at which such courses of study and examinations are required to be undergone and such qualification is conferred and generally as to the requisites for obtaining such qualification.

17. Inspection of examinations.-

[(1) The Committee shall appoint such number of medical inspectors as it may deem requisite to inspect any medical institution, college, hospital or other institution where medical education is given, or to attend any examination held by any University or medical institution for the purpose of recommending to the Central Government recognition of medical qualifications granted by that University or medical institution.(2)The medical inspectors shall not interfere with the conduct of any training or examination, but shall report to the committee on the adequacy of the standards of medical education including staff, equipment, accommodation, training facilities prescribed for giving medical education or on the sufficiency of every examination which they attend.](3)The Committee shall forward a copy of any such report to the University or medical institution concerned and shall also forward a copy with the remarks of the University or institution thereon, to the Central Government.

18. Visitors at examinations.-

[(1) The Council may appoint such number of visitors as it may deem requisite to inspect any medical institution, college, hospital or other institution where medical education is given, or to attend any examination held by any University or medical institution for the purpose of granting recognized medical qualifications.](2)Any person, whether he is a member of the Council or not, may be appointed as a visitor under this section but a person who is appointed as an inspector under section 17 for any [inspection or examination] [[Substituted by Act 24 of 1964, Section 9, for " examination" (w.e.f.16.6.1964).]] shall not be appointed as a visitor for the same [inspection or examination] [Substituted by Act 24 of 1964, Section 9, for " examination" (w.e.f. 16.6.1964).].(3)[The visitors shall not interfere with the conduct of any training or examination, but shall report to the President of the Council on the adequacy of the standards of medical education including staff, equipment, accommodation, training and other facilities prescribed for giving medical education or on the sufficiency of every examination which they attend.] [Substituted by Act 24 of 1964, Section 9, for sub-Sections (3) (w.e.f. 16.6.1964).](4)The report of a visitor shall be treated as confidential unless in any particular case the President of the Council otherwise directs:Provided that if the Central Government requires a copy of the report of a visitor, the Council shall furnish the same.

19. Withdrawal of recognition.-

[(1) When upon report by the Committee or the visitor it appear to the Council-(a)that the course of study and examination to be undergone in, or the proficiency required from candidates at any examination held by, any University or medical institution, or(b)that the staff, equipment accommodation, training and other facilities for instruction and training provided in such University or medical institution or in any college or other institution affiliated to that University, do not conform to the standards prescribed by the Council, the Council shall make a representation to that effect to the Central Government.](2)After considering such representation, the Central Government may send it to the State Government of the State in which the University or medical institution is situated and the State Government shall forward it along with such remarks as it may choose to make to the University or medical institution, with an intimation of the period within

which the University or medical institution may submit its explanation to the State Government.(3)On the receipt of the explanation or, where no explanation is submitted within the period fixed, then on the expiry of that period, the State Government shall make its recommendations to the Central Government(4)The Central Government, after making such further inquiry, if any, as it may think fit, may, by notification in the Official Gazette, direct that an entry shall be made in the appropriate Schedule against the said medical qualification declaring that it shall be a recognized medical qualification only when granted before a specified date, [or that the said medical qualification if granted to students of a specified college or institution affiliated to any University shall be a recognized medical qualification only when granted before a specified date or, as the case may be, that the said medical qualification shall be a recognized medical qualification in relation to a specified college or institution affiliated to any University only when granted after a specified date] [Inserted by Act 24 of 1964, Section 10 (w.e.f. 16.6.1964).].[19A. Minimum standards of medical education.-(1)The Council may prescribe the minimum standards of medical education required for granting recognized medical qualifications (other than post-graduate medical qualifications) by Universities or medical institutions in India.(2)Copies of the draft regulations and of all subsequent amendments thereof shall be furnished by the Council to all State Governments and the Council shall before submitting the regulations or any amendment thereof, as the case may be, to the Central Government for sanction, take into consideration the comments of any State Government received within three months from the furnishing of the copies as aforesaid.(3)The Committee shall from time to time report to the Council on the efficacy of the regulations and may recommend to the Council such amendments thereof as it may think fit.]

20. Post-graduate Medical Education Committee for assisting Council in matters relating to post-graduate medical education.-

(1)The Council may prescribe standards of post-graduate medical education for the guidance of Universities, and may advise Universities in the matter of securing uniform standards for post-graduate medical education through out India, and for this purpose the Central Government may constitute from among the members of the Council a post-graduate medical education Committee (hereinafter referred to as the Post-graduate Committee).(2)The Post-graduate Committee shall consist of nine members all of whom shall be persons possessing post-graduate medical qualifications and experience of teaching or examining post-graduate students of medicine.(3)Six of the members of the Post-graduate Committee shall be nominated by the Central Government and the remaining three members shall be elected by the Council from amongst its members.(4)For the purpose of considering post-graduate studies in a subject, the Post-graduate Committee may co-opt, as and when necessary, one or more members qualified to assist it in that subject.(5)The views and recommendations of the Post-graduate Committee on all matters shall be placed before the Council and if the Council does not agree with the views expressed or the recommendations made by the Post-graduate Committee on any matter, the Council shall forward them together with its observations to the Central Government for decision.[20A. Professional conduct.-(1)The Council may prescribe standards of professional conduct and etiquette and a code of ethics for medical practitioners.(2)Regulations made by the Council under sub-section (1) may specify which violations thereof shall constitute infamous conduct in any professional respect, that is to say, professional misconduct, and such provisions shall have effect notwithstanding anything

contained in any law for the time being in force.]

21. The Indian Medical Register.-

(1)The Council shall cause to be maintained in the prescribed manner a register of medical practitioner to be known as the Indian Medical Register, which shall contain the names of all persons who are for the time being enrolled on any State Medical Register and who possess any of the recognized medical qualifications.(2)It shall be the duty of the Registrar of the Council to keep the Indian Medical Register in accordance with the provisions of this Act and of any orders made by the Council, and from time to time to revise the register and publish it in the Gazette of India and in such other manner as may be prescribed.(3)Such register shall be deemed to be a public document within the meaning of the Indian Evidence Act, 1872 (1 of 1872) and may be proved by a copy published in the Gazette of India.

22. Supply of copies of the State Medical Registers.-

Each State Medical Council shall supply to the Council [six] printed copies of the State Medical Register as soon as may be after the commencement of this Act and subsequently after the first day of April of each year, and each Registrar of a State Medical Council shall inform the Council without delay of all additions to and other amendments in the State Medical Register made from time to time.

23. Registration in the Indian Medical Register.-

The Registrar of the Council, may, on receipt of the report of registration of a person in a State Medical Register or on application made in the prescribed manner by any such person, enter his name in the Indian Medical Register:Provided that the Registrar is satisfied that the person concerned possesses a recognized medical qualification.

24. Removal of names from the Indian Medical Register.-

(1)If the name of any person enrolled on a State Medical Register is removed there from in pursuance of any power conferred by or under any law relating to medical practitioners for the time being in force in any State, the Council shall direct the removal of the name of such person from the Indian Medical Register.(2)Where the name of any person has been removed from a State Medical Register [on the ground of professional misconduct or any other ground except that he is not possessed of the requisite medical qualifications] or where any application made by the said person for restoration of his name to the State Medical Register has been rejected, he may appeal in the prescribed manner and subject to such conditions including conditions as to the payment of a fee as may be laid down in rules made by the Central Government in this behalf, to the Central Government, whose decision, which shall be given after consulting the Council, shall be binding on the State Government and on the authorities concerned with the preparation of the State Medical Register.

25. [Provisional registration.-

(1)A citizen of India possessing a medical qualification granted by a medical institution outside India included in Part II of the Third Schedule, who is required to undergo practical training as prescribed under sub-section (3) of section 13, shall, on production of proper evidence that he has been selected for such practical training in an approved institution be entitled to be registered provisionally in a State Medical Register and shall be entitled to practice medicine in the approved institution for the purposes of such training and for no other purpose.(2)A person who has passed the qualifying examination of any University or medical institution in India for the grant of a recognized medical qualification shall be entitled to be registered provisionally in a State Medical Register for the purpose of enabling him to be engaged in employment in a resident medical capacity in any approved institution, or in the Medical Service of the Armed Forces of the Union, and for no other purpose, on production of proper evidence that he has been selected for such employment.(3)The names of all persons provisionally registered under sub-section (1) or sub-section (2) in the State Medical Register shall be entered therein separately from the names of other persons registered therein.(4)A person registered provisionally as aforesaid who has completed practical training referred to in sub-section (1) or who has been engaged for the prescribed period in employment in a resident medical capacity in any approved institution or in the Medical Service of the Armed Forces of the Union, as the case may be, shall be entitled to registration in the State Medical Register under section 15.]

26. Registration of additional qualifications.-

(1)If any person whose name is entered in the Indian Medical Register obtains any title, diploma or other qualification for proficiency in sanitary science, public health or medicine which is a recognized medical qualification, he shall, on application made in this behalf in the prescribed manner, be entitled to have any entry stating such other title, diploma or other qualification made against his name in the Indian Medical Register either in substitution for or in addition to any entry previously made.(2)The entries in respect of any such person in a State Medical Register shall be altered in accordance with the alterations made in the Indian Medical Register.

27. Privileges of persons who are enrolled on the Indian Medical Register.-

Subject to the conditions and restrictions laid down in this Act, regarding medical practice by persons possessing certain recognized medical qualifications, every person whose name is for the time being borne on the Indian Medical Register shall be entitled according to his qualifications to practice as a medical practitioner in any part of India and to recover in due course of law in respect of such practice any expenses, charges in respect of medicament's or other appliances, or any fees to which he may be entitled.

28. Person enrolled on the Indian Medical Register to notify change of place of residence or practice.-

Every person registered in the Indian Medical Register shall notify any transfer of the place of his residence or practice to the Council and to the State Medical Council concerned, within thirty days of such transfer, failing which his right to participate in the election of members to the Council or a State Medical Council shall be liable to be forfeited by order of the Central Government either permanently or for such period as may be specified therein.

29. Information to be furnished by the Council and publication thereof.-

(1)The Council shall furnish such reports, copies of its minutes, abstracts of its accounts, and other information to the Central Government as that Government may require.(2)The Central Government may publish in such manner as it may think fit, any report, copy, abstract or other information furnished to it under this section or under sections 17 and 18.

30. Commission of inquiry.-

(1)Whenever it is made to appear to the Central Government that the Council is not complying with any of the provisions of this Act, the Central Government may refer the particulars of the complaint to a Commission of inquiry consisting of three persons, two of whom shall be appointed by the Central Government, one being a Judge of a High Court and one by the Council, and such Commission shall proceed to inquire in a summary manner and to report to the Central Government as to the truth of the matters charged in the complaint, and in case of any charge of default or of improper action being found by the commission to have been established, the Commission shall recommend the remedies, if any, which are in its opinion necessary.(2)The Central Government may require the Council to adopt the remedies so recommended within such time as, having regard to the report of the Commission, it may think fit, and if the Council fails to comply with any such requirement, the Central Government may amend the regulations of the Council, or make such provision or order or take such other steps as may seem necessary to give effect to the recommendations of the Commission.(3)A Commission of inquiry shall have power to administer oaths, to enforce the attendance of witnesses and the production of documents, and shall have all such other necessary powers for the purpose of any inquiry conducted by it as are exercised by a Civil Court under the Code of Civil Procedure, 1908 (5 of 1908).

31. Protection of action taken in good faith.-

No suit, prosecution or other legal proceeding shall lie against the Government, the Council or a State Medical Council or any Committee thereof, or any Officer or servant of the Government or Councils aforesaid for anything which is in good faith done or intended to be done under this Act.

32. Power to make rules.-

(1)The Central Government may, by notification in the Official Gazette, make rules to carry out the purposes of this Act.(2)[All rules made under this section shall be laid for not less than thirty days before both Houses of Parliament as soon as possible after they are made, and shall be subject to

such modifications as Parliament may make during the session in which they are so laid or the session immediately following.]

33. Power to make regulations.-

The Council may, with the previous sanction of the Central Government, make regulations generally to carry out the purposes of this Act, and without prejudice to the generality of this power, such regulations may provide for-(a)the management of the property of the Council and the maintenance and audit of its accounts;(b)the summoning and holding of meetings of the Council, the times and places where such meetings are to be held, the conduct of business thereat and the number of members necessary to constitute a quorum;(c)the resignation of members of the Council;(d)the powers and duties of the President and Vice-President;(e)the mode of appointment of the Executive Committee and other Committees, the summoning and holding of meetings and the conduct of business of such Committees;(f)the tenure office, and the powers and duties of the Registrar and other officers and servants of the Council;(fa)[the form of the scheme, the particulars to be given in such scheme, the manner in which the scheme is to be preferred and the fee payable with the scheme under clause (b) of sub-section (2) of section 10-A;(fb)any other factors under clause (g) of sub-section (7) of section 10-A;(fc)the criteria for identifying a student who has been granted a medical qualification referred to in the Explanation to sub-section (3) of section 10-B;](g)the particulars to be stated, and the proof of qualifications to be given in applications for registration under this Act;(h)the fees to be paid on applications and appeals under this Act;(i)the appointment, powers, duties and procedure of medical inspectors and visitors; [* * *] [The word " and" omitted by Act 24 of 1964, Section 16 (w.e.f. 16.6.1964).](j)[the courses and period of study and of practical training to be undertaken, the subjects of examination and the standards of proficiency therein to be obtained, in Universities or medical institutions for grant of recognized medical qualifications; [Inserted by Act 24 of 1964, Section 16 (w.e.f. 16.6.1964).](k)the standards of staff, equipment, accommodation, training and other facilities for medical education;(l)the conduct of professional examinations; qualifications of examiners and the conditions of admissions to such examinations;(m)the standards of professional conduct and etiquette and code of ethics to be observed by medical practitioners; and][ma) the modalities for conducting screening tests under sub-section (4-A), and under the proviso to sub-section (4-B), and for issuing eligibility certificate under sub-section (4-B), of section 13;] [Inserted by Act 34 of 2001, Section 3 (w.e.f. 3.9.2001).](mb)[the designated authority, other languages and the manner of conducting of uniform entrance examination to all medical educational institutions at the undergraduate level and post-graduate level;] [Inserted by Act No. 39 of 2016.](n)[[Clause (j) relettered as Clause (n) by Act 24 of 1964, Section 16 (w.e.f. 16.6.1964).] any matter for which under this Act provision may be made by regulations.

34. [Repeal of Act 27 of 1933.-

(1)The Indian Medical Council Act, 1933 is hereby repealed.(2)Notwithstanding anything contained in this Act, until the Council is constituted in accordance with the provisions of this Act:-(a)the Medical Council of India as constituted immediately before the commencement of this Act under the Indian Medical Council Act, 1933, with the addition of seven members nominated thereto by the

Central Government from among persons enrolled on any of the State Medical Registers who possess the medical qualifications included in Part I of the 3rd Schedule to this Act (hereinafter referred to as the said Medical Council) shall be deemed to be the Council constituted under this Act and may exercise any of the powers conferred or perform any of the duties imposed on the Council; and any vacancy occurring in the said Medical Council may be filled up in such manner as Central Government may think fit; and (b) the Executive Committee and other Committees of the said Medical Council as constituted immediately before the commencement of this Act, shall be deemed to be the Executive Committee and the Committees constituted under this Act.] The First Schedule (See Section 11) Recognized Medical Qualifications Granted by the Universities or Medical Institutions in India.
